## TEMUAN DI VERSI HARD COPY DARI JURNAL

### Preface

It is our great pleasure to present the Vol. 3 of the International Journal on [REDACTED] and [REDACTED] Technology ([REDACTED]). This volume comprises articles which are presented in the 1<sup>st</sup> International Conference [REDACTED] in Padang, West Sumatera, Indonesia, [REDACTED] May 2013. Article submissions came from different countries that cover varies topics in science, engineering and sustainability. This volume consists of 119 articles classified into six issues based on their field of study.

We would like to take this opportunity to thank all [REDACTED] who had submitted their articles to the IJASEIT through the committee of the 1<sup>st</sup> [REDACTED]. A lot of number of submissions indicates their high trustworthy to us to publish their current findings and spread to wide academic communities. We also send our appreciation to all reviewers who had dedicated their valuable time and comments to ensure articles significantly contribute to science and technology. In addition, we would like to acknowledge the organizing committee of the [REDACTED] for this great collaboration and the Editorial Board who had worked hard to prepare this volume.

We are pleased to inform you that the editorial boards of the journal have been trying to widen the journal indexing to main databases and to receive regular submissions for publication for the forthcoming issues. We are committed to serve a fast publication and provide quick access to the recent articles for academic communities globally.

Finally, we do hope that articles published in this volume might inspire a state of the art research and new findings for the advancement of science, engineering and information technology.
